FACTS

For those who buy Furniture, Carpets, Rugs and Curtains.

We have eight floors, combining ninety thousand square feet of floor room. This whole space is entirely devoted to the sale of Furniture, Carpets, Rugs and Curtains.

With one single exception ours is the most attractive Furniture, Carpet and Curtain Store in America.

We sell for cash.

Our goods are marked in plain figures at net cash prices.

As our goods are sold only at the marked prices we are careful that the figures are absolutely the lowest.

You can buy of us for cash from ten to twenty-five per cent. less than from Equitable Payment Houses, Installment Houses or Department Stores.

Our cash plan is a guarantee that you do not pay the bad debts incurred by others.

Ours is the only store in Kansas City that does not transact a time payment business.

We have one price only.

Everybody treated alike.

A child can buy of us just as low as the experienced buyer.

We sell more good Furniture, Carpets, Rugs and Curtains than all other stores in Kansas City, combined.

We sell only new goods, not those brought back from people who could not pay for them.

Our special work is to furnish houses complete with Furniture, Carpets, Rugs and Curtains.

We employ only skilled labor in the execution of all orders placed with us.

We do not pay commissions on sales, therefore you may rest assured that a recommendation to buy of us is prompted by a disinterested motive.

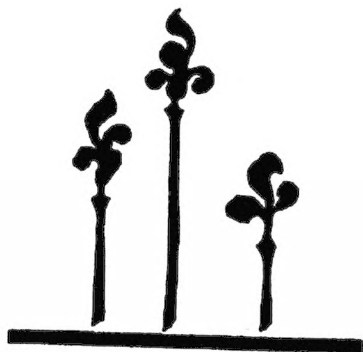

Do not buy unless you are satisfied, for we cannot make exchanges. This rule enables us to offer only new goods, not old Furniture, Rugs and Mattresses brought back from people's houses after being used.

WE ISSUE NO CATALOGUES.

Pictures are deceptive; therefore selections from catalogues prove unsatisfactory. The only safe plan is to see the goods.
